Dear Dr. Shuch:

Your recent letter indicating your desire for **RadioShack** to consider an idea for a product was routed to my office. Thank you for thinking of **RadioShack** as a readily available source for consumers.

While I appreciate your plugging **RadioShack**, unfortunately we do not have the facilities to assist. Several years ago a major decision was made that Tandy Corporation was in the business of electronics retail. Most of our manufacturing facilities were either sold off or closed.

While **RadioShack** continues to sell private label merchandise, it is primarily developed from offers of OEM manufacturers with their own research and development engineers.

If you should locate someone to manufacture a radio telescope we would certainly be willing to look at it and entertain a proposal. I wish you the best of luck in your endeavor.

Sincerely,

Joel Guskin
