

Prologue
by Philip Morrison
Professor Emeritus of Physics
Massachusetts Institute of Technology

Editor's Note: *This Prologue to SETI 2020, A Roadmap for the Search for Extraterrestrial Intelligence (ISBN 0-9666335-3-9) is Copyright © 2002 by the SETI Institute, Mountain View CA. It is reproduced here by the kind permission of Prof. Morrison and the SETI Institute.*

Contented as I am -- indeed, even awed -- with the rich expertise of the fifty-plus contributors to SETI 2020, a prologue need not outline the book's diverse lore. The Preface and Summary provide a very good start-up. Perhaps an old-timer's personal remarks may strengthen an analogy or two, maybe only metaphors of use even in this high level of discourse.
